Since its reorganization, the Eclipse Base Ball Club has participated in several tournaments, often wishing they could host one of their own. Because Ford Field is not large enough to accommodate two simultaneous matches, such a tournament would require scheduling half of the matches at an alternate field or abandoning their home field altogether to play the entire tournament at a venue some distance from downtown Northville.

Club members devised a unique plan whereby four clubs would compete in a single match; every club batting and fielding three times against each of the other clubs for a total of nine innings. The importance of direct, head-to-head competition would be diminished, however, as the club accumulating the most tallies (runs scored) throughout the entire contest shall be declared the victor.

The time of the multiple-club match will be roughly the time necessary to play two normal baseball matches as 36 half-innings will be played instead of 18.

The game will begin at 1 p.m. on Friday, July 4 at Ford Field with individual base running and throwing contests beginning at noon.

Because of its 'recent' invention, in 1862, and the similarity between its revolving chamber and the rotation of participating clubs on the ball field, the Eclipse Base Ball Club has dubbed this event the "Gatling Gun Base Ball Shootout".

About the teams

Northville formed its first base ball club in 1867 which appears to have been the foundation for the club referred to as "Eclipse" in 1869. The vintage ball club formed in 2003, embracing then name of 134 years earlier.
